## Special Pinot Event

### Laleure Vineyards joins Northeast Ohio to celebrate Pinot wines

Wine growers across the globe have identified several regions where Pinot can flourish. Historically, the Pinot Belt consists of small unique places in the cooler climates of the northern Hemisphere, such as Burgundy in France and Oregon's Willamette Valley.

Now another vibrant Pinot wine community has emerged within the Pinot Belt along the southern shore of Lake Erie in the vineyards of the Grand River Valley Region. Visit these estate wineries to taste and enjoy the elusive, sought after and holy grail of wines – The Pinots. Notoriously difficult to grow, Pinot only does well in cooler climates, and tucked away places such as our own. These delicate grapes produce some of the most haunting, brilliant and ancient flavors on earth.

Join us for **PINOT QUEST 2018 | JUNE 1-30** Wine lovers can join the Great Pinot Quest event by purchasing a serialized trail card for \$30 or \$25 for OGIC VIP members at any of the participating wineries. Each card holder will receive 2 tastes of a pinot wine at each of the wineries. The Pinot Quest event runs through the month of June however, customers are welcome to visit
